Clients

Here the Configuration parameters for the clients (sales organisations / distribution channels) are created.

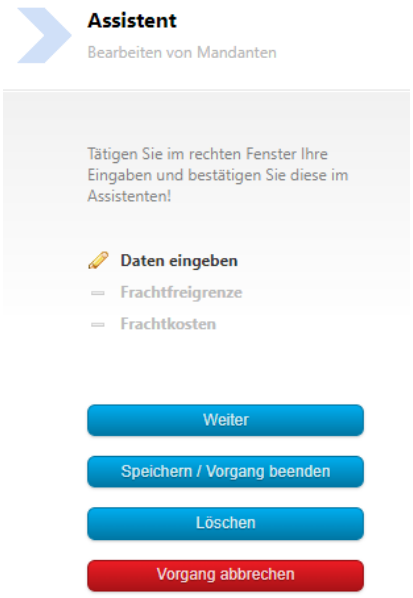

Use the plus to create a new client or select an existing one from the list to modify data.

Among other things, you can set client-specific Minimum order values, minimum delivery times, etc. An explanation of the individual points can be found each time you hover the mouse over the symbol and pause briefly.

Free carriage limit and Freight costs

Using the Assistant, you reach the desired page with the "Next" button.

1. Add new entries

Here you create new entries via the plus "Add".

2. Delete entries

If you want to delete an entry, press the bin icon.

3. Modify entries

Modify existing entries using the pencil on the right edge; be sure to confirm this with the green tick at the bottom left (a) or discard the entry with the red X (b).
