KDC280 BLE iOS

Setting up the scanner on iPad or iPhone

To connect the scanner with the iPad or iPhone, please follow these steps:

Setup on the scanner

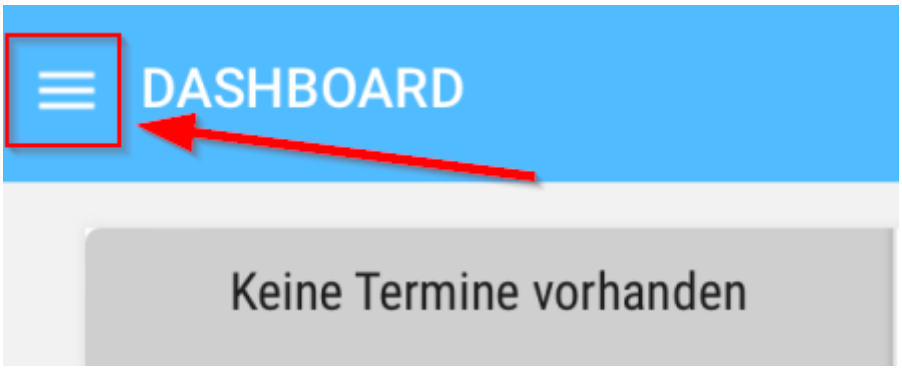
1. Press the two arrow keys together to enter the menu.
2. Navigate down to the item "BT Config" and select it with the middle scan button.
3. Select Connect Device and activate the SPP option if it is not yet active.
4. Select the Save & Exit option to save.
5. Scroll down and make the following additional settings, saving each with Save & Exit:

- Auto Power On: Enabled

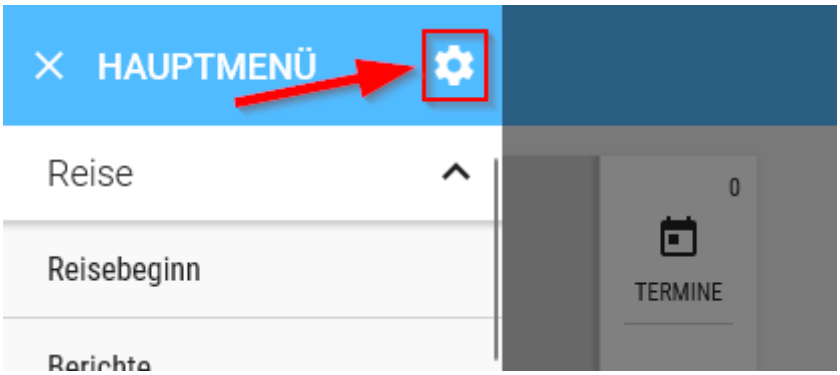
1. In the previous menu, select the bottom item "Top Menu" to return to the Main Menu.
2. Navigate all the way down and select the "Exit Menu" option.

Setup on the iPad or iPhone

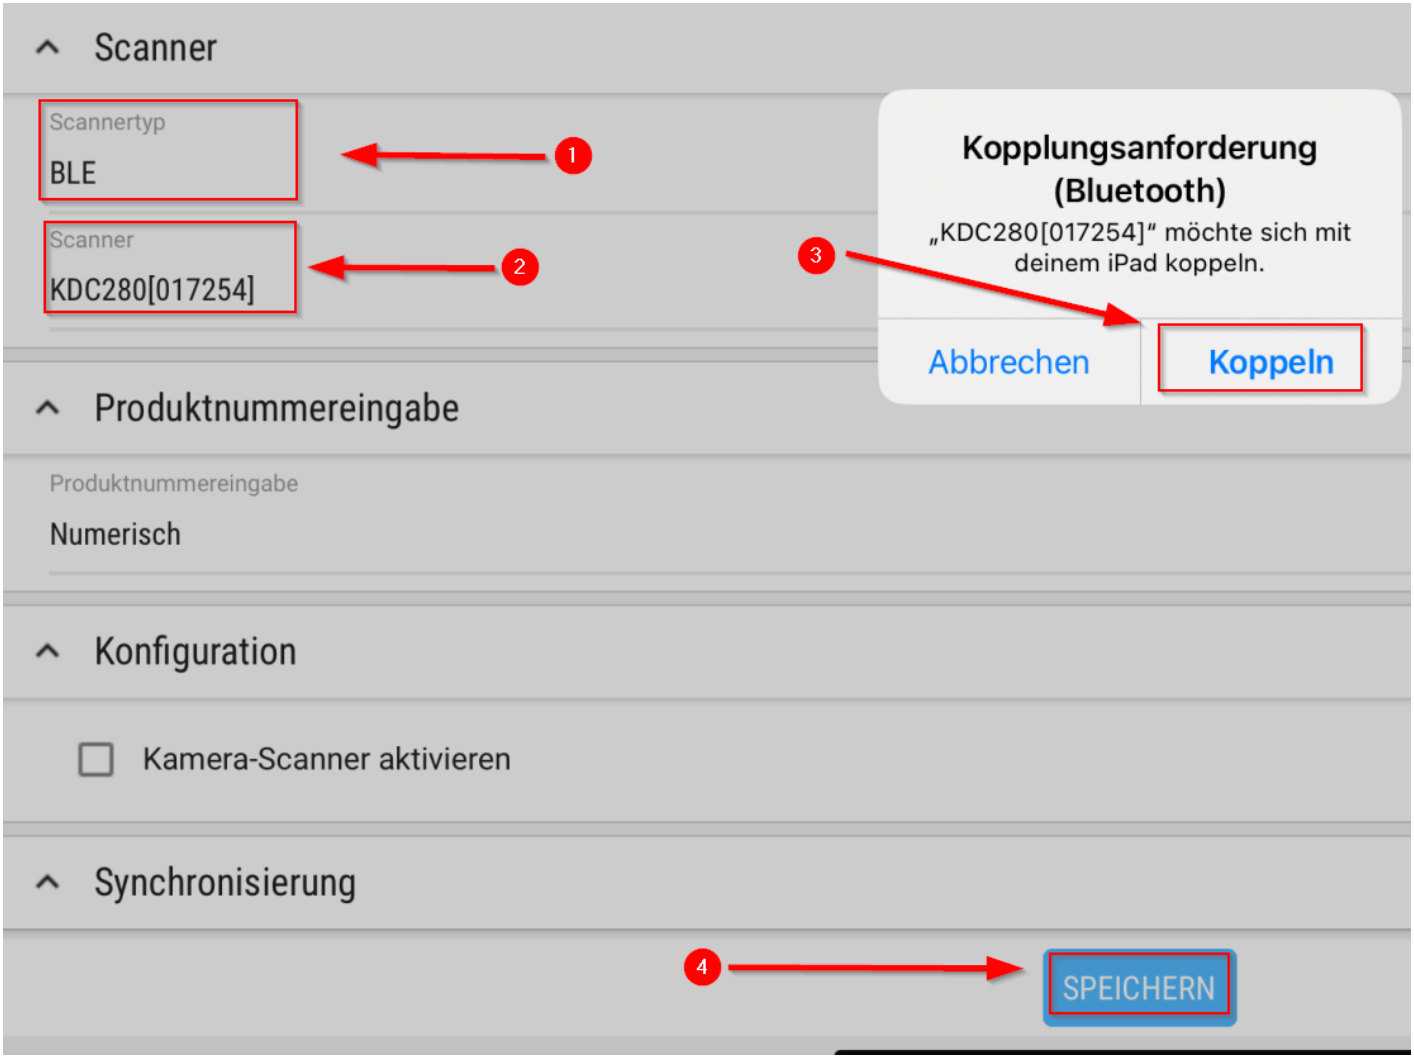
1. Please start the DeDeSales app and open the Main Menu via the citizen menu.



1. In the Main Menu, open the Settings via the gear icon.



1. In Settings, select BLE (1) under Type of scanner and your KDC280 (2) under Scanner. Confirm the pairing request with Pair (3) and finally click Save (4) at the very bottom.



1. The scanner is now connected to DeDeSales and ready for use.
