

Back Order

Title	Widget	Widget Description
Back Order		1. Number of Back Orders Available: - Customer details page

General

Documents that are Completed are not included in the Back Orders.

The exact logic is:

1. Document must not be Completed
2. Item must not be cancelled
3. the Delivered Quantity of the item must be less than the ordered Quantity
4. Depending on the setting in the backend
 - Req. delivery date exceeded: Req. delivery date must be in the past
 - Item open: no further check

Grid

Click	Swipe	Views
	<ol style="list-style-type: none">1. Opens the document, if available2. Schedules, only visible if a schedule is also available (The Item number for the schedule is determined in the client via Document number and Document item.)	<ol style="list-style-type: none">1. Table
