Tab bar of the entry mask

The tab bar contains further information about the currently selected product or offers you the possibility to make additional entries. Depending on the activated rights, the tabs may not be visible or contain less information.

TAB: POS

The display of the individual fields depends on the activated rights in the employee's role.

Field	Right	General Information
Quantity	This field is always present.	
Nat.disc.	ORDER / item / Rebate in kind	Only available in the smartphone portrait view, as it is normally located in the entry mask.
		If the Nat.disc. field is not visible, the buttons to decrease / increase the quantity in VE steps are displayed.

Note 4	ORDER / item / Note 4	
Sales price	ORDER / item / Retail price	
Reason for free offer	various	
Date of delivery	ORDER / item / Delivery date by item	

Batch items

If a batch item is called up and batch recording is intended, the batch must first be selected / entered there. The following is displayed for this purpose:

1. Note: "Batch required"
2. Dropdown: "Select opportunity"
3. Input field "Enter opportunity"
4. Action button "Apply"

As long as the batch is not selected, the functions "Save" and "Right arrow (green)" are inactive.
